Class Choreographies: Elite Schools and Globalization

Jane Kenway, Johannah Fahey, Debbie Epstein, Aaron Koh, Cameron McCarthy & Fazal Rizvi

"A truly brilliant volume... the authors dig deeply into as yet uncharted territory while setting the stage for future longitudinal work... a critically important contribution to research on social class construction amidst new global circumstances, and a must-read for those interested in new forms of globally-situated class, race/ethnic and gender intersectionality."

—**Lois Weis**, Distinguished Professor, State University of New York, Buffalo, USA

"When is an investigation into a minority an enquiry into the state of the world? When the minority are an influential elite, when the world is one of global flows, when the investigators are sensitive and skilled observers. Scholarly books are not usually page-turners, but this is exceptional... A completely absorbing account of cultural finesse at a key moment of social reproduction: formal education."

—**Marilyn Strathern**, Professor, Social Anthropology, University of Cambridge, UK

"Empirically rich, methodologically imaginative and beautifully crafted, and delivers genuinely original insights... a marker for all future work in this area. I loved it."

—**Susan L. Robertson**, Professor, Sociology of Education, University of Cambridge, UK

Elite schools have always been social choreographers par excellence. The world over, they put together highly dexterous performances as they stage and restage changing relations of ruling. They are adept at aligning their social choreographies to shifting historical conditions and cultural tastes. In multiple theatres, they now regularly rehearse the irregular art of being global. Elite schools around the world are positioned at the intersecting pinnacles of various scales, systems and regimes of social, cultural, political and economic power. They have much in common but are also diverse. They illustrate how various modalities of power are enjoyed and put to work and how educational and social inequalities are shaped and shifted. They, thus, speak to the social zeitgeist. This book dissects this intricate choreography.

Jane Kenway is Professor of Global Education Studies at Monash University, Australia.

Johannah Fahey is Adjunct Senior Research Fellow at Monash University, Australia.

Debbie Epstein is Professor of Cultural Studies in Education at Roehampton University, UK.

Aaron Koh is Associate Professor at The Chinese University of Hong Kong.

Cameron McCarthy is Research Professor and University Scholar at the University of Illinois, USA.

Fazal Rizvi is Professor in Global Studies in Education at The University of Melbourne, Australia.
